Turning ON Safe Search in Google:

- 1. Begin by opening the Internet
- 2. Find the address bar at the top and type in **google.com** and click enter on your keyboard.

3. Google's website should come up like the picture below:

+You	Search	Images	Maps	Play	YouTube	News	Gmail	Drive	Calendar	ar More -
										SIGN IN
										A faster way to browse the web
					6			(G	oogle
									Google Se	Search I'm Feeling Lucky

4. In the search bar underneath the word Google, type the word "dog" and click enter on your keyboard. You will get a page of website links, pictures, possibly a map or videos.

- 5. After you typed in the word "dog," you need to turn on SAFE SEARCH so you can get rid of any possible inappropriate (explicit) pictures or websites.
- Find the gear picture to the right below the red "sign in" button. Click on the picture of the gear. You should see five choices. Click on the first choice – "Search settings".

7. In order to turn ON Safe Search, you will want <u>to click on the empty box</u> beside the word "FILTER explicit results" to put a checkmark in that box. Once that box is checkmarked, click on the BLUE Save button at the bottom.
